
CCA knows that you work hard year to year to support your clients. We would like to support you in your professional goals whether you are at the beginning of your career or are a seasoned professional.

Regardless of what point you are at in your career, it is crucial to stay connected with the ever-changing field of counseling. Legislative changes can impact your professional goals and ability to practice at any time. Being a member of CCA demonstrates that you not only support the counseling profession, but it allows your CCA leaders to better represent and advocate for the professional identity and integrity of counselors in Connecticut. A membership to CCA is like an insurance policy for your profession!

Here are some important benefits included with membership:

- Legislative advocacy on the state level
- Collaboration with the American Counseling Association on national issues
- Educational and Networking Opportunities with member rates - some free for members!
- Access to the “Members-only Portal” section of our website
